MicroUI	AddTask	DeleteTask	GetTask

Why Helm?

When doing multiple envirnonement deployment, need to create multiple manifest files for different environment.

Duplicate Code... Jab jab duniya me code ki duplicacy hogi tab tab duniya me nai nai technology janam legi...

Templating Tools for Kubernetes

helm tool

kustomize tool

Home Work - Create a single chart for todoui, addtask, gettask, deletetask and create multiple values.yaml file for dev, qa and prod.
